

MY GOAL IS TO ALWAYS HAVE SOMETHING BLOOMING IN MY YARD EVERY MONTH:

February	Corylus Americana (American Hazelnut) s Acer Saccharinum (Silver Maple) t	August	Helianthus Annuus Sunflower *Annual however can self seed Actinomeris alternifolia Golden Honey s Eupatorium fistulosum Joe Pye Weed p Symphoricarpos albus Snowberry s Vernonia noveboracensis New York Ironweed p
March	Salix discolor (Pussy Willow) s Acer Rubrum (Red Maple) t Spicebush <i>Lindera benzoin</i> s	September	<i>Sedum Autumn Joy (non-native)</i> p
April	Serviceberry <i>Amelanchier ssp. (laevis/canadensis)</i> s <i>Prunus spp serotina/ virginiana (later)</i> t <i>Mertensia virginica Virginia Bluebells</i> b Cercis Canadensis (redbud) t	October	<i>Aster novae-angliae (New England)</i> p <i>Aster novi-belgii (New York)</i> p <i>Aster divaricatus (White Wood)</i> p <i>Solidago spp more than 2 dozen in New York</i> p some July -October: <i>Rigida (Stiff), Rugosa (Wrinkleleaf var. Fireworks), Sempervirens (Seaside), Speciosa (showy)</i> p
May	Oakleaf hydrangea <i>Hydrangea quercifolia (not native but deer resistant)</i> s <i>Rosa ssp. Carolina (Pasture Rose) Swamp/Virginia</i> s June Ilex Opaca (American Holly) s Robinia pseucodia (Black locust) *naturalized (1800s mention/nonnative) t <i>Vaccinium corymbosum Highbush Blueberry or angustifolium Lowbush</i> s <i>Liriodendron tulipifera - Tulip tree</i> t	November	<i>Hamamelis Virginiana Witch Hazel</i> t
June	<i>Ilex verticillate Winterberry</i> s <i>Crataegus phaenopyrum Washington Hawthorn (non-native)</i> s <i>Diospyros virginiana – persimmon</i> t <i>Nyssa Sylvatica Black Tupelo Sourgum</i> t Tilia Americana American Linden/Basswood t		
July	<i>Asclepias tuberosa Butterfly Milkweed or Swamp (incarnata)</i> august <i>Cephalanthus occidentalis Buttonbush</i> s <i>Clethra alnifolia Sweet Pepper Bush</i> s <i>Ilex Glabra Inkberry</i> s <i>Oxydendrum arboreum Sourwood</i> s <i>Monarda spp Bee Balm (wild bergamot)</i> p		

S = Shrub
T = Tree
B = Bulb
P = Perennial

SUBSTITUTE A NATIVE PLANT FOR A NON-NATIVE INVASIVE PLANT

Common invasive Plant	Native Alternative
Norway Maple <i>Acer platanoides</i>	Sugar Maple <i>Acer saccharum</i>
Burning Bush <i>Euonymus alatus corymbosum</i>	Highbush Blueberry <i>Vaccinium corymbosum</i>
Japanese Barberry <i>Berberis thunbergia</i>	Chokeberry <i>Aronia arbutifolia</i>
Oriental Bittersweet <i>Celastrus orbiculatus</i>	Virginia Creeper <i>Parthenocissus quinquefolia</i>
Glossy Buckthorn <i>Rhamnus frangulo</i>	Arrowwood <i>Viburnum dentatum</i>
Common Buckthorn <i>Rhamnus cathartica</i>	Witch Hazel <i>Hamamelis virginiana</i>
Purple loosestrife <i>Lythrum salicaria</i>	Gayfeather <i>Liatris spicata</i>
Multiflora Rose <i>Rosa mulliflora</i>	Pasture Rose <i>Rosa Carolina</i>
Tatarian Honeysuckle <i>Lonicera tatarica</i>	Serviceberry <i>Amelanchier alnifolia</i>
Morrow's Honeysuckle <i>Lonicera morrowii</i>	Spicebush <i>Lindera benzoin</i>
Garlic Mustard <i>Alliaria petiolaria</i>	Bee Balm <i>Monarda didyma</i>
Goutweed <i>Aegopodium podagraria</i>	Wintergreen <i>Gaultheria procumbens</i>
